

NORMAS TÉCNICAS IEC

IEC 62271–100: High voltage alternating current
Circuit breakers

IEC 60376: Specification and acceptable of new
sulphur hexafluoride

IEC 60427: Synthetic testing of high voltage
Alternating current circuit breakers

IEC 61233: High voltage alternating current
Circuit breakers inductive load switching

NORMAS TÉCNICAS IEEE

IEEE Std C37.04: Rating structure for AC high
voltage circuit breakers rated on a symmetrical
current basic current basis

IEEE Std C37.06: AC high voltage circuit
breakers rated on a symmetrical current basis –
Preferred ratings and related required
capabilities

IEEE Std C37.09: Test procedure for AC high
voltage circuit breakers rated on a symmetrical
current basis
