

## **Definition of programme, plan, project**

**Programme:** a set of related measures or activities with a particular long-term aim (*from: oxforddictionaries.com*).

Example: a Regional Operational Programme for managing EU Structural Funds.

**Plan:** a scheme of intended future course of action aimed at achieving specific goals or objectives within a specific timeframe, and defining in detail what needs to be done, when, how, and by whom (*from: businessdictionary.com*).

Example: a spatial development plan.

**Project:** the design aimed at the execution of construction works or of other installations or schemes, or any other interventions in the natural surroundings and landscape (*from: EIA Directive*).

Example: a project for the construction of a power plant.
