

Indefinite Adjectives:

An **indefinite adjective** describes or modifies a noun unspecifically. They provide indefinite/unspecific information about the noun. The common indefinite adjectives are *few, many, much, most, all, any, each, every, either, nobody, several, some*, etc.

Examples:

- I gave some candy to her.
- I want a few moments alone.
- Several writers wrote about the recent incidents.
- Each student will have to submit homework tomorrow
