

**MM\_I LISTENING ACTIVITY** <https://www.youtube.com/watch?v=TdBAHexVYzc>

**Who says that? The interviewer Bruno Giussani (BG) or the scientist Jennifer Doudna (JD)? There are two extra sentences.**

1. To gather all these viewpoints means to confuse ideas further	
2. There are open debates only in the field of war androids	
3. Scientists don't feel at their ease outside their work environment	
4. Scientists are happy to stop and debate responsively	
5. Newspapers and magazines are less interested in the healing side of the discover	
6. Scientists say that it's secure enough to start with experiments on people	
7. It isn't always likely to arrive at a common opinion	
8. Good chances can spring up from important assemblies	
9. Any kind of new acquaintances need watchful reflections	
10. Probably, one day, some scientists will limit their studies and some others won't care about moral alarms
