READING ACTIVITY – INTERSEMIOTIC TRANSLATION

1. Read what Watson & Crick published on *Nature*, April 25, 1953, divide the text in Introduction/Development/Conclusions and find out the main key-points in each of them.
2. Read on this link, <https://www.theguardian.com/theobserver/2000/mar/05/featuresreview.review>, what *The Guardian* published about Rosalind Franklin on March 5, 2000 and build up a mind map to fix the main steps of surely one of the most controversial relationship in the scientific world.
