Sunday Bloody Sunday is part of the album *War*, entirely dedicated to the Irish question. It could be linked to any war situation around the world because U2 are a pacifist group and their songs speak of peace all over the world.

Sunday Bloody Sunday asks urgent questions that want immediate answers.

Unfortunately entire generations lived and still live surrounded by violence, and often it is really impossible to distinguish fiction from reality, that is what you see in the TV series from what happens before your eyes. Probably the difference stays in the word <<reset>>: only in videogames you can reset everything and start a new game without experiencing any kind of consequences but... it isn't so in real life...
